Our media office have come up with the following, which they will share with your media team if you are ok with it

A Police Scotland spokesperson said: "Police Scotland has now received seven complaints in relation to donations that were made to the Scottish National Party. After assessment and consultation with the Crown Office and Procurator Fiscal Service, we will now carry out an investigation.

"Enquiries are continuing and anyone who has any information which may assist with this investigation is asked to contact police."

Thanks
